Maximizing Human Potential

PHILANTHROPIC INVESTMENT OPPORTUNITIES

Anne's College is committed to student support and continues to build upon the largest education scholarship program in Florida, awarding over \$1.2 million in the fall of 2024. Additional philanthropic investment is critical for the college to elevate student success and increase faculty impact.

The dean's fundraising priorities include:

- ⇒ Creating 30 additional Master Teacher Scholarships to better prepare educators who earn their B.S. and M.S. in five years—with 30 new scholarships, the college will be able to support all 100 B.S./M.S. students
- ⇒ Establishing 24 new doctoral fellowships, allowing the college to attract the best and brightest students and double the current pool of fellowships to cover 60% of all incoming Ph.D. students
- ⇒ Generating critical endowment match funds to provide all six academic departments with resources to build discretionary endowments that will grow innovative programs
- ⇒ Building support in perpetuity for medical research benefiting FSU athletes and the Tallahassee community through matching gifts of up to \$125,000 for the Institute for Sports Sciences and Medicine
